

The Nursery Group – Member Profile

Flagstaff Mullala Nursery

Mullala Plant Nursery was established over 20 years ago. The operation is currently operated as Flagstaff Mullala under agreement with Mullala Inc. The centre is located in Ulladulla, on the Southern East Coast of NSW. The business site is leased and is currently under going refurbishment to re-focus the business on Retail Nursery activities.

The organisation employs 22 supported employees and 5 specialist staff. The employees are engaged in nursery work, light packaging and assembly, small scale landscaping. The workers undertake all activities in these areas.

Flagstaff Mullala is a wholesale and retail nursery specialising in cool to warm temperate plants. The wholesale nursery services retail nurseries from Northern Illawarra to the far south coast of NSW. The nursery also supplies landscaping contractors in the region.

The aim of the current refurbishment and development of the nursery is to ensure ongoing viability of the business by lifting the proportion of retail business from 25% to 50% of its trading turnover.
