

## **The Nursery Group – Member Profile**

### **Sea Winds Nursery**

Sea Winds Nursery is predominately a Wholesale Nursery, producing indigenous native plants of the Portland Victoria area. The nursery is situated on Portland Aluminium land (P.A. smelter- makes aluminium ingots), on a site that they previously used as a nursery. Sea Winds Nursery now contract grow plants for PA as well as growing plants for wholesale and some retail sales.

Seawinds Nursery is also involved with garden maintenance and undertakes community project involvement.

The nursery has expanded its range to a wider variety of plants for the retail market.

Sea Winds Nursery currently employs 8 supported employees, working part-time. In addition the nursery employs two specialist staff.

We operate 5 days per week, 8.30-am 3.30pm,

The nursery seeks contracts to grow plants for community groups, landowners etc.

Sea Winds Nursery is involved in a large way, with Environmental groups, and therefore in the community eye quite a bit. We also case manage employees, to be involved in extra learning at TAFE colleges, or other tutoring.
